

# Construction of fundamental solutions to B-elliptic equations with minor terms

Mavlyaviev R.

Kazan Federal University, 420008, Kremlevskaya 18, Kazan, Russia

---

## Abstract

© 2017, Allerton Press, Inc. For two classes of elliptic type equations with the Bessel operator we construct fundamental solutions in explicit form.

<http://dx.doi.org/10.3103/S1066369X17060081>

---

## Keywords

Bessel operator, elliptic equation, fundamental solution, Horn confluent function
